

**Greg Reiter****COO and CFO**

In 2008 Greg joined Torc, drawn to the opportunity to use his financial acumen to save lives. Greg is responsible for managing the financial actions that set a foundation for Torc to achieve our goal of putting safe self-driving trucks on the road. Under his leadership, Torc has achieved massive growth while remaining profitable each year.

Greg is goal-oriented in all facets of his life, and an aspect of Torc he enjoys most is coaching the future leaders and watching them achieve goals they never thought possible. He is on track to reach a personal goal of traveling to 50 countries by age 50, and recently achieved another goal by climbing to the top of Mount Kilimanjaro. Greg earned Bachelor of Science and Master of Science degrees in Accounting from Virginia Tech and is a Certified Public Accountant in the Commonwealth of Virginia. In addition to his work at Torc, Greg sits on the Board at NRV Cares, which works to prevent child abuse.
